AN EMERGENCY PREPAREDNESS PACKET FOR MAUI COUNTY RESIDENTS

Don’t wait—start to prepare now so all of Maui County will be ready if a disaster happens.

This booklet is made up of six parts:

1. HOUSEHOLD DATA SHEET
2. FAMILY EMERGENCY PLAN
3. EMERGENCY SUPPLY KITS
4. HEALTH AND MEDICAL INFORMATION
5. PEOPLE WITH SPECIAL HEALTH NEEDS OR OTHER ACTIVITY LIMITATIONS
6. PET EMERGENCY PLAN

Plan To Be Ready! was developed to promote emergency preparedness at the individual, community, agency, and county levels, with an emphasis on assisting residents of Maui, Moloka‘i, and Lanai who have special health needs. For more information call (808) 243-8660 or go to www.MauiReady.org.
Funding for this project was provided by the Hawai‘i State Department of Health through the CDC Public Health Emergency Preparedness Cooperative Agreement.

For more information, please call the Maui District Health Office at 808-243-8640 or 808-243-8649 or 808-243-8660

This booklet in its entirety, plus wallet cards, can be printed from the internet at www.MauiReady.org

Fourth Printing — August 2007 — 30,000 c.
Welcome to your Plan To Be Ready! booklet, intended to get you started in thinking about how you and your family can prepare for a natural disaster or other emergency. Preparing for an emergency is the responsibility of everyone. The more prepared each family is, the better off we will all be as a community.

Use this booklet together with materials from other organizations, such as those listed on the back cover, to help you get started.

The most important thing is to start taking steps now.

One thing everyone needs to know is what to do when you hear the Civil Defense siren: TURN ON YOUR RADIO AND TUNE IN TO A LOCAL STATION THAT IS PART OF THE EMERGENCY ALERT SYSTEM (EAS). Sirens are tested on the first working day of each month.

Emergency planning and preparedness can seem like a huge task. This useful booklet has been created to help you through, step-by-step, and is vital for all Maui County households. Please fill it out and encourage your family and neighbors to do the same. Place it in a clear plastic bag to keep it dry, and store it on your refrigerator or in another easily accessible place.

Plan To Be Ready! was developed to promote emergency preparedness at the individual, community, agency, and county levels, with an emphasis on assisting residents of Maui, Moloka‘i, and Lana‘i who have special health needs.

The following organizations contributed to this Plan To Be Ready booklet:

Maui District Health Office, Hawai‘i State Department of Health
American Red Cross, Hawai‘i State Chapter
Kaunoa Senior Services, County of Maui Department of Housing and Human Concerns
Office on Aging, County of Maui Department of Housing and Human Concerns
Maui County Department of Fire and Public Safety
Maui County Civil Defense Agency
Department of Human Services, Adult Community Care Services, Maui Branch

Maui Economic Opportunity
Maui County Police Department
Hospice Maui
Hale Makua Home Health
American Medical Response
Maui Humane Society
Roselani Place
Maui Memorial Medical Center
Hawai‘i Department of Education
Maui Voluntary Organizations Active in Disasters (VOAD)
1: **HOUSEHOLD DATA SHEET**

Use this sheet to keep information about all of your household members in one place. Be sure to write down phone numbers that are stored in your cell phone, in case you lose it or your battery runs out of power. Update it when information changes, especially phone numbers. Consider keeping recent photos of all household members together with this sheet. **Note: There is a separate section (#4) in this packet for extensive medical and health information to be recorded.**

Date: ________________ (review this booklet at least once a year)

Keep this document and all important information in a secure place. Do not give Social Security numbers, dates of birth, etc. to anyone except trusted individuals.
2: FAMILY EMERGENCY PLAN

Use this page to plan and write down what you will do in the event of a disaster.

- Your family may not be together when disaster strikes, so plan how you will contact each other and review what you will do in different situations.
- During your planning process, assess your home to determine under what circumstances you could stay at home and when you would need to evacuate to a shelter.
- Decide which emergency shelter you will go to if an evacuation is announced. (A list of evacuation shelters is available from Maui County Civil Defense Agency.)

Neighborhood meeting place (if we need to leave our house): __________________________
If there is a phone number at the meeting place, write it here: __________________________
Alternate meeting place (in case neighborhood is inaccessible): __________________________
If there is a phone number at the meeting place, write it here: __________________________
If unable to find each other or make contact by phone, we will call ______________________ at ( ) __________________ to check in. (The American Red Cross suggests that this contact be an out-of-state number, as sometimes distant phones can be reached even when local phones are down.) Alternate out-of-state number: __________________________
Emergency shelter location: __________________________

The information above should be made known to all family members.
Make wallet-sized cards for members of your household to carry at all times (see separate sheet for template, or make your own).
Laminate or tape over each card to make it waterproof.

If a major storm or other disaster is expected, there are several shelter options you should be familiar with. Listen to your radio to hear the latest information from Civil Defense.

1. SHELTER IN PLACE—This means you should stay indoors where you are until authorities tell you it is safe or you are told to evacuate.

2. SHELTER WITH FAMILY OR FRIENDS—If your house is not hurricane safe and you know someone whose house is safer, ask them to take you in for the duration of the storm.

3. EVACUATE TO A SHELTER—If authorities decide to evacuate the area you live in, it will be announced over the radio (via the Emergency Alert System).

Do not return to your house unless you are sure it is safe. It may be necessary to have the electricity turned off at a main switch, which you should not do yourself unless you are trained to do so.
Keep the following numbers handy so you don’t have to look for them in the middle of an emergency.

Note: there is a separate section for important medical and health information (section 4).

3: Emergency Supply Kits

All Maui County residents should be ready for an emergency such as a hurricane, flu epidemic, or tsunami. A major disaster could interrupt water, electricity, phone, and gas services, as well as limit the availability of supplies in local stores. It could take weeks for stores to be replenished. Keep your emergency kits stocked and ready!

Prepare a **Home Survival Kit**. This is in case you are told to shelter-in-place (stay indoors) or the roads are closed due to storm, landslide, or other damage. For such situations you should have the following on hand:

- **Food** that does not require refrigeration or cooking—enough for 1-2 weeks.
- **Water** in plastic containers, 2 to 4 quarts per person per day—the more the better; enough for 1-2 weeks.
- **Radio & Flashlights**—Battery-powered, solar-powered, or crank-powered, plus spare batteries. Note: a lantern-style light is good for hands-free use.
- Plastic sheeting and duct tape to cover broken windows.

Make a handy **Go-Kit** to take with you if you must evacuate your house. Make sure all family members know where the kit is kept. Put the following in a sturdy waterproof bag, backpack, or other container, preferably with wheels:

- All items listed above (for your Home Survival Kit) PLUS:
- Your completed “Plan to be Ready” packet (or a photocopy of it), complete with photos of household members & pets
- Copies of medical and insurance information*
- Extra cash, including small denominations and coins
- Extra prescription medication & medical equipment, (ask your doctor about how to store medications and how often to rotate the supply)
- Protective, bright-colored clothing and footwear
- Pens, paper, and a permanent marker
- Disposable gloves, disinfectant, unscented bleach
- Baby wipes, alcohol gel, washcloths to clean hands
- Over-the-counter medication (anti-diarrhea, laxatives, pain and fever reliever, antibiotic ointment)
- Soap, toothpaste, toothbrushes, deodorant, rubbing alcohol, towels, tampons, pads, diapers, baby formula
- Plastic bucket and gallon zip-lock bags to use as a makeshift toilet

* Some organizations suggest including copies of other documents such as birth certificates, military discharge information, etc.

See next page for suggested emergency food items and “Car Kit” ideas.

Important: Bring your Go-Kit with you to the shelter!

---

**Plan To Be Ready!** was developed to promote emergency preparedness at the individual, community, agency, and county levels, with an emphasis on assisting residents of Maui, Moloka‘i, and Lana‘i who have special health needs.
SUGGESTED FOOD ITEMS AND SUPPLIES FOR EMERGENCY KITS:

Note: Drinking water in your kit should be rotated (replaced) every 3 to 6 months. Food items should be rotated too. Intervals vary depending on the type of food.

- Canned tuna, beans, meat, fruit, etc. with flip-top lids (that do not require a can opener)
- Dry Cereal
- Nuts and dried fruit
- Graham crackers
- Peanut butter
- High-energy protein bars or snacks
- Beef jerky or similar protein item
- Bottled or canned juice
- Tea or instant coffee; sugar and powdered creamer, powdered juice or lemonade
- Comfort foods such as cookies, hard candy, sweetened cereals
- Plastic containers with lids
- Heavy duty garbage bags
- Liquid dish soap
- Aluminum foil or plastic wrap
- Packet of spices, salt & pepper
- Cloth or paper towels
- Utensils for cooking and eating
- Plates
- Plastic food bags
- Manual can and bottle opener
- Portable camp stove or hibachi, plus fuel (charcoal or gas, depending on type of stove)
- Bottled drinking water

CONSIDER KEEPING THE FOLLOWING ITEMS IN YOUR CAR:

- Rope
- Flares
- Water
- Shovel
- Blanket/towel
- Safety goggles
- Jumper cables
- Fix-a-flat (4 cans)
- Extra keys to house
- Leather work gloves
- Water (1 gallon jugs)
- Fire extinguisher (ABC type)
- Local street map to locate shelter
- Cell phone charger that plugs into car lighter
- Tools—hammer, pliers, screwdrivers, pry bar, wrenches
- Cash in small denominations including coins for pay phones
- Spare car battery or jump-starting device (with integrated rechargeable flashlight)
**4: Health Information—Medications, Treatments, & Medical Conditions**

Please write down ALL your medications on this sheet, plus eyeglass and hearing aid information. Make copies if you need more space. If more than one family member takes medications, copy this page and make a separate list for each person. If dose or medication changes, cross out the entire row and write new information on a new line.

Name: ________________________ Date: ________________________ (review this list at least once a year)

<table>
<thead>
<tr>

Is everyone in your household up-to-date on vaccinations?
It’s always a good idea to keep vaccination records in one place.
You may want to include a copy here.
5: ADDITIONAL INFORMATION FOR PEOPLE WITH SPECIAL HEALTH NEEDS OR OTHER ACTIVITY LIMITATIONS

Anyone who is disabled or just not as strong as they used to be—anyone who has trouble walking, seeing, breathing, understanding, learning, or responding quickly—may require more careful planning and more time for evacuating their home. You, your family, and your caregivers are in the best position to plan for your safety during and after an emergency or disaster situation. The time to start planning is now.

PLANNING TAKES TIME. Many organizations across the nation have detailed information to help you with all the aspects of emergency preparedness. Most of these urge clients to undertake an extensive process of “getting ready,” including:

1. Getting informed
2. Making a plan
3. Assembling a kit
4. Maintaining your plan and kit

TAKE THE FIRST STEP TODAY. Arrange a meeting with your family and caregivers to talk about this important topic.

SOME OF THE BEST ONLINE RESOURCES WERE WRITTEN BY AND FOR PEOPLE WITH DISABILITIES OR ACTIVITY LIMITATIONS. We encourage you to look at these together with your family and caregivers:

www.prepare.org/disabilities/evacuation.pdf
www.redcross.org/images/pdfs/preparedness/A4497.pdf
www.redcross.org/services/disaster/beprepared/seniors.html
www.fifionline.org/images/PDF%20Files/Ready%20Final.pdf

Plan To Be Ready! was developed to promote emergency preparedness at the individual, community, agency, and county levels, with an emphasis on assisting residents of Maui, Moloka‘i, and Lana‘i who have special health needs.

PLANNING AHEAD FOR SPECIAL NEEDS:
In Sections 2 and 4 (pages 4 and 8), you started to write your emergency plan and health information. If you have special needs, discuss them with your family and caregivers, then write additional details here. Attach extra pages if necessary.

For example,
- if you need dialysis
- If you use crutches or a wheelchair
- If you use a portable oxygen tank or a nebulizer
- If you need help to carry your go-kit or medical supplies

### Emergency Supplies for Your Pets

Keep a clearly labeled, waterproof, and easy to carry “Pet Go-Kit” to take pet supplies with you if you have to leave home in a hurry. Make sure that everyone in the family knows where it is. Items to consider keeping in or near your pack include:

- **1-2 weeks’ worth of water and canned or dry food** (dry food can get stale, so rotate stock quarterly)
- **Extra harness and leash** (Note: harnesses are recommended for safety and security)
- **Photocopies of pet medical records in a waterproof container with two-week supply of any medicine your pet requires** (Note: medications need to be rotated regularly, otherwise they may go bad)
- **A traveling bag, crate or sturdy carrier, ideally one for each pet** (see next page for more info)
- **Especially for dogs:** Long leash and yard stake, toys and chew toys, two week’s worth of cage liner.
- **For cats:** Disposable litter trays (e.g. aluminum roasting pans) plus cat litter or paper towels
- **Flashlight & batteries**
- **Liquid dish soap and disinfectant**
- **Disposable garbage bags**
- **Pet feeding bowls**
- **Pet first-aid kit and book**
- **Recent photos of your pets** (in case you need to make “Lost Pet” posters)
- **Manual can opener**
- **Blanket (for scooping up a fearful pet)**

**Note:** If pet has behavioral or health issues, attach a label to collar, leash, or carrier.
If you shelter in place during a hurricane...

If emergency officials recommend that you stay in your home, it's crucial that you keep your pets with you. Keep your “Pet Go-Kit” and supplies close at hand. Your pets may become stressed during the in-house confinement, so you may consider crating them for safety and comfort.

- Determine well in advance which rooms offer safe havens. These rooms should be clear of hazards such as glass windows, flying debris, etc.
- Choose easy-to-clean areas such as utility rooms, bathrooms, and basements as safe zones.
- Access to a supply of fresh water is particularly important. In areas that may lose electricity, fill up bathtubs and sinks ahead of time to ensure that you have access to water during a power outage or other crisis. (Make sure small children do not have access to tubs of water as this could pose a drowning hazard.)
- In the event of flooding, go to the highest location in your home, or a room that has access to counters or high shelves where your animals can take shelter.

If you have to evacuate your home...

Arrange a safe haven for your pets in the event of evacuation. DO NOT LEAVE PETS BEHIND. Remember, if it isn't safe for you, it isn't safe for your pets. They may become trapped or escape and be exposed to life-threatening hazards. It is possible that shelters will not accept pets because of health and safety regulations, so it is imperative that you determine where you will bring your pets ahead of time:

- Contact your veterinarian for a list of boarding kennels and facilities.
- If possible, identify places outside the disaster area where you might be able to stay with your pet (or where your pet could be cared for while you are in a shelter).

About pet carriers

A crate or carrier for your pet should be large enough for the animal to stand up, turn around, and stretch out. These should be available at pet stores—try to find one that is secure/escape-proof. For cats, the space between food and litter should be 3 feet if possible.

Get your pet used to the crate or carrier so they don’t panic and run off at the moment that you need to evacuate.

Contact the MAUI HUMANE SOCIETY for more information: (808) 877-3680 or on the internet at www.mauihumanesociety.org
This Plan to be Ready! packet was developed to promote emergency preparedness at the individual, community, agency, and county levels, with an emphasis on assisting residents of Maui, Moloka‘i, and Lana‘i who have special health needs.
